

VISIBLE LIGHT DISINFECTION

MULTIPLE SOLUTIONS for
food and beverage manufacturers

Light disinfection solutions that fit your environment and needs while keeping you SAFE.

Suitable for multiple areas

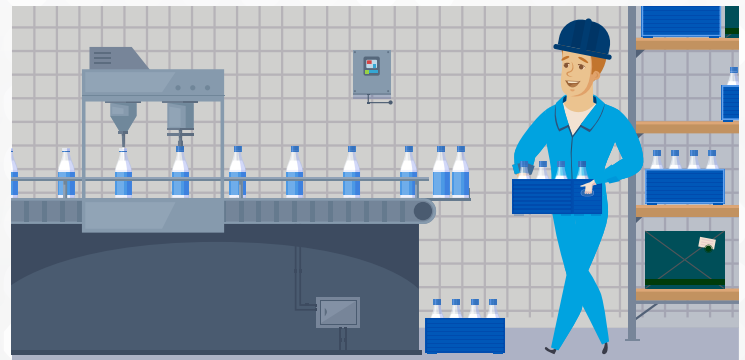

- » Assembly Line – Visible light and/or UVC after hours
- » Break Room – Visible light or UVA and/or UVC after hours
- » Workstations – Visible light and/or UVC after hours
- » Shipping and Receiving – Visible light or UVA and/or UVC after hours
- » Storage – Visible light

Disinfection levels

- » **UVA** – 8-hour or 24-hour occupancy levels, **potential** to kill viruses
- » **Visible light**
 - › Allows for continuous occupancy
 - › Has several disinfection levels
 - › Disinfects a wide range of pathogens (no viruses)
 - › Results in no material degradation
- » **UVC/broad spectrum UV**
 - › NO room occupancy
 - › Up to Class 1 (norovirus) rated
 - › Shortest disinfection time
 - › Available in fixed or mobile Units

Works on these pathogens and more

- | | |
|--------------------|--------------|
| » Airborne/surface | » Foodborne |
